

## **Summer Associate Program**

The High Lantern Group Summer Associate Program is a highly competitive, structured program that exposes graduate students and early stage professionals to a wide range of consulting work in the fields of strategic communication, public affairs, public policy, and business strategy. Over twelve weeks, associates are given real responsibilities and support critical client work—it is the best way to gain first-hand exposure to the day-to-day life of an HLG consultant and to explore consulting as a career path.
